PRODUCT NUMBER: 1002755

VISTAMAX 2000 GOGLES VX 2031 Direct Ventilation, Clear PC FogBan Lens

Honeywell

Overview

Reference Number

1002755

Product Type

Eye and Face Protection

Range

Goggles

Line

Vistamax

Brand

Honeywell

Brand formerly known as

PULSAFE

Industry

Industry Foundry Laboratory Petro-chemical

Product Use

Vistamax 2000 offers a wide field of vision with an High impact resistance The Fog-Ban Polycarbonate lens offers a good anti-scratch resistance with excellent anti-fog properties Polycarbonate lens and PVC frame will protect against molten metals and hot solids ideal for foundry industry

Features & Benefits

Feature

Deep frame profile provides protection over most prescription eyewear and can be worn with disposable masks.

Benefit

A high-tech polycarbonate goggle in two versions. Direct or indirect highflow ventilation that gives up to 3x better anti-mist performance than conventional goggles. Curved PVC frame - leading edge in looks and performance. Ideal for industrial, petrochemical or laboratory environments with mists or sprays (indirect ventilation model); or applications involving heat, humidity or physical exertion. Can be used in foundry industry - marking 9 for molten metal and hot solids.
